

Haywood Spay Neuter is pleased to announce that we have been chosen by the Bernice Barbour Foundation to receive a grant to assist with our spay and neuter services. Bernice Barbour Foundation supports initiatives that are focused on addressing the pet overpopulation crisis in this country. Through their generosity HSN will be able to provide cost-free spay and neuter services to those that financially qualify through our annual spring "Beat the Heat" program.

Haywood Spay Neuter (formerly known as HAWA) is the oldest animal welfare group in Haywood County. HSN has been the driving force in making and keeping our animal shelter no kill. We work to educate our community in pet overpopulation issues and work with other entities like the Bernice Barbour Foundation, to ensure that all Haywood County residents have access to spay and neuter services.

The Bernice Barbour Foundation was created in 1986 to carry on the work of Bernice Barbour making her lifelong work continue in perpetuity.
